

BASE BALL TEAM WILL ABANDON

Organization Cannot Afford To Pay Demands Of Fair Association

Owing to an action taken by officers of the Oneida County Fair Association in charging the base ball team 10 per cent of the proceeds of each game for the use of the fair grounds, it is probable that the team will abandon. The following communication from Paul Gaston, manager of the club, is self explanatory: To the Fans:

Due to the fact that Secretary J. J. Remo, of the County Fair Association has notified us that unless the ball club donates 10 percent of the gate receipts of each game that we will not be allowed to use the fair grounds, and as we are in no condition financially to do this, we have found it necessary to cancel the Sunday game with Wittenberg. From the point of view of the Fair Association the ball club should donate 10 percent of the gate receipts of each game, the sum total of these games to be put in a purse to be played for at fair time, the said Rhinelander team to go to the expense of getting a team from out of town to come here and play for this purse which is originally put up from the earnings of the club. Due to the fact that the ball club has never been charged anything for the use of the grounds and that it is the first strictly home team that the city of Rhinelander has had in a number of years, and that we believe that the fans and citizens of Rhinelander believe that the present ball team is a credit to the city of Rhinelander, we deem it an injustice to the ball team, also to the fans and citizens of Rhinelander, that this levy should be taxed against the Rhinelander ball team.

Respectfully,
P. J. GASTON, Manager.

NO CELEBRATION

Eagle Will Probably Not Scream Here July Fourth

That there will be no celebration in Rhinelander on July 4th is now almost assured. Up-to-date the matter of observing the day has not been given any serious consideration either by the city or fraternal organizations and as only two weeks remain in which to make preparations it is believed that the cannon will not boom in Rhinelander this year. With no celebration here many citizens will no doubt spend the nation's holiday out of the city. Neighboring towns where celebrations will be held and the numerous lakes will probably attract crowds of people.

GETS A BIG ONE

W. P. Colburn Captures 30 Pound Musky In Pine Lake

One of the largest muskallonge ever taken from Oneida county waters was captured Friday in Pine Lake by W. P. Colburn, the new city superintendent of schools. The big fish weighed thirty and one-half pounds and was a perfect specimen.

Mr. and Mrs. W. T. Stevens were with Mr. Colburn in the boat at the time the monster was hooked. As would be expected the water wolf put up a desperate fight and more than once came near swamping the boat. Although this was Mr. Colburn's first experience in fishing for muskies, he kept cool and with the assistance of Mr. Stevens succeeded in landing the prize.

GOES TO NORWAY

Rev. Snartemo is given a three months vacation from his congregation. He left Thursday night for a trip to Norway.

ARE HAPPILY MARRIED

Miss Anna Styrvold Becomes Bride of Gust Swedberg

Last Thursday evening at the home of the groom at 1015 Mason street, Miss Anna Styrvold was united in marriage to Gust Swedberg, City Clerk. About twenty-five relatives and friends of the contracting parties witnessed the ceremony which was performed by Rev. Snartemo, pastor of the Norwegian Lutheran church. The attendants were Walford Swedberg and Miss Clara Follstad.

The home was decorated for the occasion with flowers and potted plants and presented a pretty scene. Following the wedding the guests partook of dinner. Those present from out of the city were Mr. and Mrs. Chas. Follstad of Elcho.

Numerous beautiful and costly wedding gifts gave evidence of the esteem in which Mr. Swedberg and his bride are held. They departed Friday morning on a three days wedding trip to Minneapolis.

The bride is a young lady of many pleasing qualities which have won for her a host of friends in the city.

Mr. Swedberg is too well known to the people of Rhinelander to need an introduction in these columns. For several years he has acted as city clerk and has made a competent official. He is a genial, obliging gentleman and has a large retinue of friends. That he and his wife may have a long and happy married life is the wish of all. The New North joins in extending congratulations.

BIG BOXING SHOW TO-MORROW NIGHT

Smith and Perkins Are Ready For Their Great Ten Round Match

Everything is now in readiness for the Smith-Perkins boxing match at the Grand Opera House, Friday night. Both contestants complete their training tonight and are in fine fettle for the bout.

Both the black boy and the Minnesotan wonder are going into the game for a knock out and it has been conceded that the battle will not go the ten rounds scheduled.

William Daniels has the utmost confidence that his man, Perkins, will get in a haymaker long before the final round. Smith feels that he can store his opponent away in jig time and means to turn the trick at the first opportunity. There is a rumor afloat that bad feeling exists between the boys but this is said to be untrue.

That there will be a large attendance at the show is evidenced by the advance sale of tickets which is unusually heavy.

Two good preliminaries will be staged. Harry Molise will go six rounds with Kid Payette and Kid McGuire will take on Dago Pete for a four round jog.

TEAM LOSES AT ANTIGO

Plays Game Sunday Under Unfavorable Conditions

The base ball game between Rhinelander and Antigo Sunday at Antigo resulted in the defeat of the home boys by a score of 12 to 13.

The game was played under very unfavorable circumstances. Grass up to the knees of the players covered the diamond. As Antigo's new base ball park is not finished it was necessary to pull off the contest on the old fair grounds which had not been used before this season.

About twenty rooters accompanied the Rhinelander team to Antigo. They were not very well satisfied with the game.

Leslie Sorenson arrived Tuesday from Madison where he has completed his first year in agriculture at Wisconsin University.

SPECIAL COUNTY BOARD MEETING

Members Arrange For Funds For The New County Road Building

At the special meeting of the Oneida county board, called last Thursday, for the purpose of making arrangements to pay orders that may be issued by the contractor or state officials in the building of the new county road, it was voted to borrow \$6000 to be added to the \$5000 now available for the construction of the highway.

One mile of the new road from Rhinelander to the western part of the county has been grubbed and cleared of rocks. A number of teams and men are at work grading and the work is progressing rapidly under the supervision of Mr. Sargent, assistant state road commissioner.

To the members of the committee in charge of the building of the road, Messrs. Wubker, Marshall, Coniff and Lubold is due great credit for the prompt and thorough manner in which operations have been pushed. This committee has been alive to the great need of such a road and its benefits to this city and county and have expended their time and labor toward its early realization.

MEET AFTER 40 YEARS

Two Brothers Are Reunited At Antigo G. A. R. Encampment

Encampment week at Antigo was a rarely happy event for two brothers, members of the Grand Army, who met there unexpectedly after a lapse of forty years, during which long period neither had seen nor heard of the other. They are Walter Quick of Niwa, Wis., and Jacob Quick of Horicon, Wis. The former was a member of Company C of the Eighth Wisconsin regiment and his brother belonged to company C, of the Twenty Ninth Wisconsin. Jacob Quick is a wealthy farmer, while his brother has met reverses.

In front of encampment headquarters Mayor Geo. W. Hill found a seat for Walter Quick. Next to him sat another veteran, and in a minute were engrossed in conversation. Like in fiction, both discovered they were long lost brothers.

From that moment they had had enough of the encampment, and arm in arm made their way to the depot and went home.

AGAIN IN JAIL

Authorities Rearrest John Sohr On Another Complaint

John Sohr is again confined in the county jail, having been rearrested on another charge pertaining to the same offense for which he was taken into custody two weeks ago and later released under a cash bond of \$500.

In municipal court Sohr's hearing was adjourned until Friday June 21. Sohr's second arrest was caused by a complaint made by Mrs. Buckley, mother of one of the children with whom the young man is alleged to have taken improper liberties.

MAJESTIC PICTURES PLEASE

At the Majestic this week Mr. Zander has been giving his patrons some programs of exceptional merit. Only the best subjects possible to be obtained have been shown and have immensely pleased the audiences. Mr. Zander promises several big features for the summer at the Majestic. The singing of Miss La Blanc is an enjoyable part of the Majestic programs.

BUY FIRE HOSE

The fire department committee of the city council purchased 500 feet of fire hose for the department yesterday. The purchase was made from the New York Belling & Packing company. Representatives of several companies were here and submitted bids.

SAYS SOLICITORS FAKES

Chief Straub, However, Has No Faith In Unsigned Letter

Chief of Police Straub received an unsigned communication from Du buque, Ia., Tuesday, stating that a crew of magazine solicitors are in this city operating a fake scheme by which they take subscriptions for a certain magazine at 25 cents per year and the magazine is never received.

As the writer neglected to affix his signature Chief Straub places little faith in the letter. He believes it was written by some one who has a grudge against members of the crew or the company by which they are employed and is taking this method to seek revenge.

From time to time during the last couple of months solicitors of various kinds have worked in Rhinelander and to all accounts their propositions have been legitimate. At least no complaints have reached the police.

SENT TO PRISON FOR BOLD THEFT

George Letiser Pleads Guilty To Larceny And Gets Term In Waupun

For the theft of a diamond ring, and gold chain and locket from the room of Holff Rodd, a boarder at the City Hotel, George Letiser was arrested Friday night by Chief of Police Straub.

The robbery was reported to the Chief at six o'clock that evening and in less than half an hour Letiser was taken prisoner just as he was about to leave the city on a freight train. The stolen jewelry was found in his possession and he confessed to the crime to Chief Straub. In Judge Walker's court Letiser was bound over for trial on the charge of larceny.

Later he appeared before County Judge Billings, pleaded guilty to the charge and was sentenced to one year in the state prison at Waupun.

Letiser, although claiming to be only nineteen years of age, has been connected with several thefts in this city and elsewhere. He was once sentenced to the state reformatory and later made his escape from that institution. He seems to have all the instincts of a natural born criminal and cannot resist the desire to steal.

While in the county jail here he confessed to being an accomplice of Albert Donnerstag in committing a burglary in this city.

JOHN MCCARDLE'S SHOP.

John McCardle is receiving a steady patronage at his saw filing shop opposite Horst's store. Mr. McCardle files saws, knives and cutlery of all kinds and his work is giving satisfaction. He can be found at his shop at all hours of the day and frequently is there in the evening. Mr. McCardle is one of the city's oldest residents.

DEATH FROM PNEUMONIA

Mr. and Mrs. Ira Cox are mourning the loss of their son, Samuel Edgar, whose death occurred Tuesday afternoon after an illness with pneumonia. He was seven years of age. The funeral was held this afternoon and Rev. Grant V. Clark of the Congregational church officiated.

The boy's death comes as a sorrowful blow to the parents who have the sympathy of the community.

WILL CHANGE LOCATION

Sheehan and Brown will discontinue business at the Arlington House July 1, and will move across the street to the building now occupied as a restaurant where they will open a buffet and lunch room. "Jim" and "Sandy" are two jolly good fellows with a wide acquaintance throughout this part of the state and that they will succeed in their new location there is no question. It will be their aim to serve the public right at all times.

TEACHERS GIVEN PROPER TRAINING

Training School Teaches Students To Preside Over County Schools

Elbert Hubbard says "Common sense is the ability to detect values." The entire tendency of our educational system is an attempt to find a way whereby pupils can be trained in this power. The history of the rural schools of this state and of the other states of the union is simply a groping for teachers who can accomplish this end. The goal of school life is efficiency. And efficiency means the ability to do useful work with a minimum of supervision.

In the early days of this state, pupils of the country schools graduated into the teachers' chair of the same school. Conditions of life were not very strenuous; life was too much a succession of days of hard labor to please any energy for judging the quality of a school. As a result there was much school keeping, but practically no school teaching in the country.

As cities increased in size, and importance, high schools were organized. Farmers were beginning to find life a little easier and so they began to send their daughters to school in town. These girls graduated from the city high school into the ranks of teachers for the country schools. There they taught city methods from books written by city men and the result was that the country children became dissatisfied with rural conditions and left the farms to lead a harder and more dangerous life.

Then came the reaction. Farmers began to see through this condition of affairs. In looking about for a remedy, they naturally looked at the schools which their children attended. They increased the length of the annual term, they made attendance compulsory; they put up better buildings and purchased better equipment. Results improved only slightly and the people of the state at last found one very serious trouble—ill prepared teachers, who received low wages, which yet were too high for the results they purchased.

Then came the organization of State Normal schools. Their graduates were of so superior a quality that cities gladly paid high enough salaries to attract them. The country helped to pay for these schools, but received only a small and indirect benefit. Two counties of the state, Dunn and Marinette, decided to try the experiment of conducting small Normal schools, called County Teachers' Training schools, for the purpose of training teachers for their country schools. That these schools accomplished their purpose can be seen by the fact that since that time an average of two new such schools have been organized annually until now 30 training schools have been authorized by the state. Oneida county, although from the standpoint of population, one of the smallest counties of the state, organized such a school two years ago. Its present enrollment in the teachers' course is 57 and it will graduate 12 this year.

This county has the proud distinction of having taken last winter another step in advance—the first county in the U. S. to do so. Not satisfied with furnishing teachers for the rural schools, it cooperated with the University of Wisconsin in putting a man into the field to teach the farmers how to farm their land to best advantage.

The Oneida County Teachers' Training school with its departments for the training of teachers and for the training of farmers has opened up a wider view of the possibilities of northern Wisconsin and is amply repaying the efforts of all to make it what it is.

Miss Lilly Sherman arrived today from Minocqua to visit her sister, Mrs. Ed. Farrell.

Frank Zinda will retire from business in this city July 1. He has purchased a hotel at Waubesa.

TED DERRY BREAKS JAIL

Well Known Bad Man Leaves Merrill Bastile

Ted, Derry, a tough character who formerly made his haunts in and about Rhinelander, broke jail at Merrill, a few nights ago, where he was being held on a larceny charge.

With a pocket knife and a broken bar Derry removed a portion of a six inch brick wall, dislodged a section of an iron drain pipe and lowered himself to the ground with a piece of garden hose. The hole in the wall was effected only after weeks of patient labor and the work was concealed by a coat which was hung over the opening. No trace of Derry has been found.

HOLD DONNERSTAG FOR BURGLARY

One Of Notorious Family Again In The Toils On A Serious Charge

Unable to secure \$1000 bonds Albert Donnerstag is confined in the county jail awaiting trial before the fall term of circuit court on the charge of burglary in the night time. Young Donnerstag, who was recently released from the federal prison at Fort Leavenworth, Kas., where he served a term for counterfeiting, was arrested Sunday on information furnished the officers by George Letiser, who was arrested Friday night for larceny.

When confined in the county jail Letiser made a confession in which he claimed that he and Donnerstag committed the burglary at the William Gilley home on the night of May 12. The two had been suspected of this burglary by Chief Straub and it was through him that the confession of Letiser was obtained.

Donnerstag was placed under arrest and in municipal court Monday was bound over for trial, his bonds being fixed at \$1000.

While there is no direct evidence against Donnerstag to show that he has been implicated in other burglaries it is believed by Chief Straub and other officers that he had a hand in the series of house breakings in this city a few weeks ago.

29 APPLY FOR LIQUOR LICENSES

Committee Passes Favorably On All Applications Monday Night

Monday evening the license committee of the council met to pass upon the applications of those who had applied for licenses in Rhinelander for the coming year. After a careful investigation of all applications it was decided to recommend to the council that licenses be granted to all who had applied, a total of twenty-nine. City Clerk Swedberg was instructed to draw up a recommendation to this effect for presentation before the body.

Unless the council takes unfavorable action on some of the applications Rhinelander will have twenty-seven saloons and two wholesale beer houses after the first of July. Among those applying for permission to keep saloon here are the names of several parties who have not heretofore been in business in this city. The meeting of the council for the purpose of granting liquor licenses will be held on the evening of either June 28 or 29.

TAKEN TO WAUPUN

George Letiser, the young man who was sentenced to the state prison for one year for larceny, was taken to Waupun Wednesday by Sheriff Crofoot and E. C. Sturdevant.

"Bread and Butter"

Wouldn't you like a "piece" that would just exactly fill the bill? Rich in nutriment, beautiful in color, delicious to the taste?

JUST RIGHT BREAD is the best thing on the table, always. Nothing is praised quicker. You can have it by using ARDEE FLOUR.

CLEANLINESS, PURITY AND QUALITY is the ARDEE combination; it "makes good" every time.

Buy one sack and note the results. There is great satisfaction in using such flour, besides actual "value received."

EVENTS OF WEEK IN OTHER TOWNS

Items Of More Or Less Importance Boiled Down From Neighboring Exchanges

Washburn—

A lack of knowledge of the law and fundamental principles of the government of the United States and of the leading officers of the state and nation, acted as a barrier to the twenty-five making application for final citizenship papers before the circuit court here last week.

The strike at the Montreal mine remains unsettled. As the mine officials looked for some trouble from the men Sheriff Whiteside stationed about fifteen deputies on the premises and also a number at the Ottawa mine. Quite a number of miners have left Montreal this week going to Ironwood and Bessemer. It is not known when an agreement between the men and officials will be reached.

New London—

Mayor Baker has decided to put the "lid" on here on Sundays. All saloons, restaurants and ice cream parlors will be closed. This is due to the reckless manner in which two or three saloon keepers have been running their places and Sunday drunkenness. The mayor believes that in order to keep the Sabbath as it should be kept closing of all business is necessary.

Marquette—

Desertion from the United States navy, marriage to and separation from a cultured Boston school teacher who is a graduate of the University of Pennsylvania and finally passing worthless checks to the amount of \$400 in Marinette and Menominee, Mich., are said to be the epochs in the career of Clarence Shepard, Boston, who is still under 21. Shepard is now thinking it over in the county jail in this city. He was taken into custody by the police at Green Bay on the charge of deserting the navy. The Green Bay police turned him over to the Marinette officers, who are prosecuting the worthless check charge.

Merrill—

A new addition is to be made to this city. The Cady Land Company, one of the largest real estate firms in the state, has invaded Merrill and purchased the Dereg property near the cemetery, which they have converted into lots. The new division is well located, being situated on main street, east of the Ruder property. In time it is expected that some fine homes will be built here.

Iron River—

Two Ashland men, Geo. Richards and H. D. Ever, were drowned while fishing in a lake near this city. They occupied a small boat which had a defective bottom and it is presumed that it became swamped and the men being poor swimmers were unable to reach shore which was only about one hundred feet from where the bodies were recovered. Both are survived by wives and children.

Escanaba—

A warrant has been issued for the arrest of Frank Green, chauffeur for Isaac Buskone, the Gladstone lumberer, charging him with manslaughter in connection with the killing of Fred Farley, the nine year old son of David Farley of Wells. That the killing of the boy was purely the result of carelessness and that it could easily have been prevented, is the general opinion of half a dozen or more eye witnesses to the tragedy.

Eagle River—

During the electrical storm Monday morning Mrs. John Hyttien, wife

of a settler, living two miles south of town, was struck by lightning at her home. The bolt struck the woman in the back of the head and passed down the left side of her body to the ground rendering her unconscious and inflicting a severe burn. Her daughter, standing near by, was thrown down and a cat sitting on the floor was killed by the force of the shock.

Tomahawk—

With the final touches given to the program, plans of Tomahawk's second annual Chautauqua on July 21 to 28 are completed. Details for the arrangements for the big event will now be taken up by the officers and commissioners. A program booklet of 16 pages will be ready for distribution within the coming week. This booklet will be illustrated with Tomahawk's unrivaled scenery and portraits of the talent on the program. It is desired that a wide distribution of the booklet be secured, and Tomahawk folks are urged to prepare lists of names of out-of-town relatives, friends and acquaintances for the Chautauqua management to be used in mailing the advertising matter.

Ironwood—

State Bank Commissioner, A. E. Koutl on Monday made a statement that Frederick Karste, late president of the Bank of Ironwood and the German Bank at Sheboygan, made away with more than \$900,000 of the latter bank's funds before his death. In order to make up this amount, Commissioner Koutl has levied an assessment of 200 per cent on the bank's stock. About three-fourths of this will be paid June 14th when the assessment falls due; the balance of the stock will be offered for sale June 24th. The stock held by Karste, amounting to \$47,000, will be included in the sale. It is expected that the Sheboygan bank will be reopened on June 25th.

ROBBINS DOWNS RHINELANDER

Hinky Dinks' Steam Roller Fails To Roll Last Sunday

The Hinky Dink Steam Roller had a monkey-wrench dropped into its mechanism in the shape of one lan-ky red headed twirler in their annual fracas with the Robbins Indians last Sunday. They came primed for a killing—under the chaperonage of Parlick, a famed Wisconsin foot ball star, who used to play in '92, the year when a man could play ten years, if he had the price to stay in college. Parlick showed his athletic enthusiasm had not weakened—be- lieved the Rhinelander rooters, question- ed the umpire's decisions at second base from his secure perch near home plate, brought in the runs with his 6 feet of energy, and in general proved himself a reliable Hinky Dink fan.

This Robbins slabatist early earned the title of a barn door with its hinges rusty. He gave three runs to Rhinelander in the first inning, and Parlick thought it was all over. The pitcher has a delivery that caught the imagination of a Rhinelander comedian—and "barn door" he re- mained through the game, standing bidder and the successful bidder shall with a list to starboard and work- ing with an erratic side swing that kept the boys busy. His opponent was a clean limbed fellow, who had two fancy balls that failed to work in pinches—he kept his head and could not be rattled, while on the mound. At bat, he whaled them out. He tried to adopt a new rule in base ball, scoring from third on a caught fly without sticking to 3rd till the fielder made his catch. He contributed a good laugh to a situation that was fast becoming strained.

The Indians failed to hit in their half of the first: the second inning was featureless, but in the third the Indians got to the little fellow and the batting bee was on. From then on to the finish it was nip and tuck neither side getting a lead that was sure. The final score 7 to 6 in favor of the Indians, tells the story. Two umpires from Chicago did their best to learn the rules between innings. Billy McWeeney, first base man of the Indians, attempted a few bluffs, pleading that its ball was knocked out of its hand, and the runner should be called out for interference. Back to stump-pulling for you Billy.

It was a tight scrap all the way, through. Mr. Knapp of Robbins, school trustee, sheriff, fire marshal, town president, all round boss, lead the faltering home forces in cheering after that disastrous first inning, and he soon had a noisy gallery behind him.

H. W. Knapp, of Sugar Camp resort, was in the city Tuesday. He states that, since the opening of the season business at his resort has been good and fishermen have had fine luck in Indian Lake.

THE HOME MERCHANT

A portion of our people seem disinclined to patronize the home merchant except when they can't help it. They will ask a grocer to deliver a yeast cake to their back door. But when it comes to ordering a winter's supply of canned goods, they write to some distant department store. It should be needless to say, that if everyone did thus, we should have stores to rent, fewer opportunities for the people to earn a living at home. On the contrary if we all bought everything possible at home stores could keep even better. It is a great convenience to be able to make selections from a good line of goods at home. This becomes possible where everyone loyally supports the home merchants. Under such circumstances existing stores could do a larger business, employ more people, and new concerns would start. Every person owning real estate or a business here would see it grow more valuable. Even the man with nothing would gain. There would be more property to tax, hence more public improvements. With more money in circulation our fraternal societies, churches and clubs could serve the community more efficiently.—Manistiquie Tribune.

Joe Hutchinson left Monday for Columbus. The best wishes of a host of Rhinelander friends go with him.

CLEANING UP CITY

In his efforts to make Rhinelander a clean and healthful city, Dr. J. T. Elliott has accomplished some good work as city health officer since taking that position in the spring. He has made a personal inspection of all the rear yards and alley ways in the city and as a result hundreds of loads of old rubbish and filth have been hauled away to the dumping grounds. From the back of one building on the north side twelve loads of dirty germ producing garbage was removed.

It is now well known that not more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by All Dealers.

CHILD HAD ECZEMA

MOTHER SAYS SAXO BALVE MADE HER WELL.

"My little girl suffered with eczema on her hands for nearly a year and reading about Saxo Balve one day I bought a tube and found it helped her. After using two tubes my baby's hands are entirely well." Mrs. E. P. Hook, 224 E. 15th street, Connersville, Ind.

In all forms of eczema, and all other eruptions or scaly humors and eruptions, Saxo Balve allays the itching at once, and penetrates the pores of the skin, reaching the very roots of the disease with its germ-destroying, healing power and soon banishes the eruption, leaving the skin smooth and unscarred.

We sell Saxo Balve on a positive guarantee for all sorts of skin affections. If it does not give satisfaction you get your money back. Try it. J. J. Reardon, Druggist, Rhinelander, Wis.

CURRY BANK CLOSES

Run On Ironwood Institution Causes A Suspension

The People's Bank in Ironwood, operated by S. S. Curry & Co., closed its doors Wednesday morning. The closing of the Bank of Ironwood several weeks ago has created a lack of confidence in the People's Bank and as a result there has been a run on the bank during the past two weeks, about \$40,000 being drawn out by depositors. The bank was closed for the purpose of giving Mr. Curry and his associates time to convert their loans and securities into cash. The liabilities of the bank at the time of its closing amounted to about \$82,000 and in a statement that Mr. Curry will publish in the Ironwood papers this week he says that the bank has securities to offset this amount at a ratio of about 7 to 1 or in other words about \$500,000 and that every depositor will be paid 100 cents on the dollar within the next ninety days. Efforts are being made to have the Gogebic National Bank take over the affairs of the People's Bank, it being Mr. Curry's intention to retire from the banking business in Ironwood when the depositors are settled with in full.—Hurley Miner.

WISCONSIN FARMS IN DEMAND

From all parts of the state comes information that there never was a time when Wisconsin farms were in such demand as they are at the present time. The Wisconsin Advancement association made a big strike when it analyzed the United States census and began making exclusive use of the figures obtained therefrom. In doing so it got down to the basic rock and secured the credence of the public. The repeated statement to the reading public that "you can verify these figures by writing for the bulletins which cost nothing," has had the effect of doing away with the last atom of doubt. This method of treating the matter is so different from the tactics of promoters and so manifestly fair, that it has made Wisconsin land literature the one source of information in which the reading public has confidence.

This is a policy that competing states cannot follow for the reason that they cannot make as good a showing and any attempt to adopt the same method must result in defeat. So in this matter the Wisconsin people have a monopoly. It would be a wonderfully good thing if the census were taken every five instead of ten years.

Do You Know

That many a man leaves his home a well man in the morning, to return a cripple for life, maimed or injured through no fault of his own.

Have you considered what would happen to yourself, your family or your business, if you should become disabled by accident or a long period of sickness?

Protect yourself by an accident and sickness policy. The cost is not large. Don't put it off. And while you are about it get the best. The cost is no higher—perhaps even less.

Nomination blanks for sale at this office.

The little jumping jack over at the Snootie office is again busy. Who pulled the string this time, Friday old scout?

There is nothing amateur about the editorials of our local contemporary. It is the same old stuff that the special interest organs were talking years ago. They have not had a new idea in twenty years.

"If President Taft is nominated it must be by perfidy and corruption, and under such conditions no honest republican need to feel an obligation to support him for re-election."—A Prominent Republican Congressman

Even the reactionary organs wish a progressive platform if the president is renominated. Not that they wish it carried out but they are too well aware from the experience of the past four years that platforms mean little to Mr. Taft.

It is good to get elected on and stump on but easily repudiated when in office.

Beware of the claim of the local special interest organ that it prints the true proceedings of the city council and the county board. It prints nothing except the garbled facts to satisfy the ends of its real masters, as it did the financial statement to prove the city lost much money in the water-works suit.

If you wish the facts, you must read the New North, the official organ for both city and county.

Timothy Woodruff, Ex-Governor of New York, a prominent life long republican, a delegate to the national convention for Taft, bolted last Saturday after hearing the decisions in case of the Texas delegates and says he shall support Ex-President Roosevelt at the convention this week. He says he can not tolerate the perfidy of the national committee which is willing to wreck the party to carry its own selfish ends.

AS HIS MASTERS' BID

The amateur editors of our local contemporary evidently forget one week what they wrote the week before—or they don't care. One week Teddy Roosevelt is declared the favorite and the next week it is stated that they are for "La Follette, first, last and all the time."—Rhinelander News.

Little Friday, the self appointed peace maker, has broken forth again. If the little fellow ever advocates anyone for office who is wholly or in part for the interests of the masses, it is because his masters do not know it. If he ever takes a single step in that direction it will be an error indeed. He has eaten his little morsel out of the hand of big business so long that he is not even aware that the masses have rights to protect. Beware of the motives of "lired men" of big business.

THE CORRUPT BOSS

William Barnes Jr., the corrupt boss of the New York political machine, is at Chicago leading the Taft hosts heathens "to victory." It is the same boss that Teddy defeated in the New York state convention two years ago. It is the same corrupt boss who recently has been tried for graft in city affairs at Albany. It is the same boss that used a temporary and then a permanent injunction to avoid showing his coarse work in manipulating the money of Albany so that it would reach "certain private pockets." If the President is nominated this week at Chicago it must be by the hands of such corrupt bosses as Barnes. The people have repudiated him in twelve of fourteen states where the voters could choose.

LA FOLLETTE, TRUE PROGRESSIVE

Our first choice for president at the convention this week is Robert M. LaFollette, who has given a large span of his life "to return representative government to the people." We will stick to him until we see it an impossibility to nominate him. He is the true progressive of all the candidates. We too well know the hatred of big business and the political trixers for this man.

He will be the last man to be considered by such as William Barnes Jr., Harry S. New and Bolse Perrose. Once the masses get a chance, we have no fear.

Ex-President Roosevelt's sympathies are with the progressives and if nominated he too has little to thank the bosses for but Taft will be bound hand and foot by the bosses and big business.

It is this same Taft who has allied himself with big business and the old corrupt political machine that stops at nothing when they wish to win.

If Taft is nominated, we predict the special interests will then turn and attempt to nominate one of their tools like Harmon or Underwood or a weakling like Clark; then they will sit and smile and give the people their choice.

IN LA FOLLETTE'S REGIME

The standard organs of the state have continually laid much stress upon the argument that if LaFollette's ideas are put into practice that capital will be driven out of the state until we shall be in virtual bankruptcy. In this connection it is interesting to note a special report of the U. S. Census Bureau, as quoted in the Milwaukee Sentinel, that in the last ten years (which is during the time of the La Follette regime) Wisconsin has made a wonderful growth in manufactures until it now ranks eighth in the Union. A short study of this report will be of much educational value to those old hide-bound conservatives that believe that business will be injured by protecting the people and giving them a square deal. It proves conclusively that by protecting both the rights of capital and the rights of the public that business is stimulated upon the right lines and that capital becomes less timid than under the old order of things.

AFFAIRS AT CHICAGO

In the republican convention at Chicago this week, the old political gangsters are lined up to win at any cost, the progressives disagree as to policy.

LaFollette absolutely refuses to lend any aid to the Ex-President, or make any combination with him any more than he does with the Taft forces. His old leaders seem to fear the real effect on the progressive cause of Roosevelt's selection. Other progressives, whose sincerity is not doubted just as strenuously fight for Roosevelt and think that it would place the progressives in bad light to refuse to join with the Roosevelt cause. There is a great variation of opinion.

It is evident the old guard is fighting to the limit and are taking every advantage of the fact that they have control of the organization. If they have not delegates unseated enough of Roosevelt delegates and get them. It remains to be seen how long a party can exist where such tactics are used.

It is said on all sides that presidential primaries must be held in every state to cut off this opportunity for corrupt methods of the forces in power.

Of all the men who have taken active part in the preliminaries, Governor Hildley of Missouri is looked upon as clearly the most astute parliamentarian, the best speaker, and most popular man with all classes of any man in the convention. Yesterday the convention gave him an ovation lasting forty minutes. Popularity might make him a dark horse.

However, the contest has become so bitter that it is doubtful if many of the Taft followers would accept a substitute although a large number of them admit it is a great doubt under present conditions whether he will be able to carry the election. Certainly it is a record breaking convention in strife and bitterness and much so down in history as such.

CONTROL OF FAIR GROUNDS

A resolution was passed at the county board's special meeting Thursday empowering the Oneida County Agricultural Association with full control of the fair grounds. This gives the association complete charge of rentals, leases, concessions and other affairs pertaining to the grounds.

British Consumption of Fish.

It is a question whether John Bull is not more deserving of the name of fish eater than he is of beef eater, for during the past year fish valued at \$15,000,000 was landed on his shores for food.

BIG FIGHT IS ON AT CHICAGO

Taft and Roosevelt Forces Battle at Republican National Convention

The great republican convention opened at the Coliseum Tuesday noon, with acting chairman of the national committee, Victor Roosevelt in the chair. As doped out several days ago Ellhu Root's selection as temporary chairman was confirmed by a vote of 592 for F. E. McGovern and 538 for Mr. Root.

Only thirteen of the Wisconsin delegation supported McGovern for temporary chairman. Mr. Houser, Senator LaFollette's manager, did not think it policy or wisdom to join with the Roosevelt forces in the organization, hence the division in the Wisconsin delegation.

This was the first skirmish of the two leading candidates and the Taft followers considered they had the advantage. Of course this vote included 73 delegates from California, Tennessee, Texas, Kentucky and 20 votes of men instructed by their constituents for Roosevelt but who repudiated their instructions.

Wednesday was spent in an attempt by the Roosevelt supporters or rather anti Taft delegates in trying to get the convention organized without the vote of the "stolen delegates," as Roosevelt called them but on a test vote again Taft's forces received 564 votes to a total of 510 on the other side.

After this test the convention was adjourned until Thursday 12 M.

ROOSEVELT MAY BOLT CONVENTION

Such Action By The Colonel Is Expected At Any Time

Late newspaper advises declare that Theodore Roosevelt may bolt the Republican national convention.

This was the sentiment of a turbulent mass meeting of the Roosevelt delegates held at midnight after the receipt of information that the credentials committee would not receive evidence in contesting cases. The mass meeting followed a stormy session of the Roosevelt leaders held earlier in the evening.

The meeting was in session for twenty minutes, in which time Col. Roosevelt made a flat declaration of his refusal to abide by the decision of the convention as it now stands.

New York's Greatest Borough. Manhattan, one of the five boroughs comprising greater New York and its most important borough, is approximately fifteen miles in length, from the Battery to the city line, and about five miles at its greatest width. Its frontage on the water, together with the shipping facilities of the entire city, is 444 miles, or equal to the distance between the city and Buffalo on Lake Erie.

Damages for Spoiled Beauty. A curious judgment was given in a German court the other day. A little girl of three who was placed in a nursing institution had been bitten by the yard dog, the bite leaving a scar on the cheek. The little one's guardian put in a claim, not in respect of the pain caused, but because the scar had lessened her chances of securing a husband when she became old enough to marry. The court upheld the guardian's claim, and placed the damages at \$500.

Church Information Wanted. Why are there so many churches in New York without a sign to know their denomination or who preaches, or any sign of anything except the above of the sexton and undertaker? Nobody is anxious for the undertaker, and everybody, as a rule, scolds the sexton. Give denomination of the church, time of service and name of pastor.—From a letter to the Editor of the New York Press.

Music and Masculinity. Music as an art has little standing in Japan, according to a letter in the current issue of the Traveler's Gazette. It is left almost entirely to women, who cultivate it to the extent of playing on a guitarlike instrument called the samisen. "In the not very remote past," says the writer, "no gentleman could reconcile the practice of music with masculine dignity, and this state of affairs is changing but slowly."

Miss Polly Calhoun left Friday for her home in Spirit Falls.

The juniors entertained the seniors and faculty at a banquet at the Training school, Wednesday evening. All present reported a very good time.

We understand that the junior girls didn't want any toasts as they had had enough to eat.

Supt. McNearl of Price county spoke before the Training school last Wednesday morning.

The seniors issued the invitations to the commencement exercises Tuesday.

Among this week's visitors are Miss Winnie Joslin, Ruth Lathrop and Mr. Alec Athlorn, Lillian Buslett, Mrs. Jennie Dean and Eva Hildebrand.

E. L. Luther left last Tuesday for Madison.

The seniors take examinations in agriculture Wednesday, Thursday and Friday.

If you aren't busy, or going away, remember the class play, "For the Blue or the Gray," Opera House, June 26.

N. T. Baldwin's Condition

As the New North goes to press there is scarcely any change in the condition of N. T. Baldwin, who for three weeks has been ill at St. Mary's hospital. Physicians state that there is little probability of his recovery although his life may be prolonged for weeks. His sister, Mrs. Mary Wilson of Ravenna, Ohio, is at his bedside.

COMING, MELROSE THE HYPNOTIST

The attraction at the Grand Opera House four nights starting Saturday, June 22, promises to be a novelty and one that will attract much attention and draw large crowds. Melrose, a hypnotist and scientist, will entertain with exhibitions of hypnotic and practical psychology. It is claimed he has the greatest laughing show on earth. He is conceded by the press to be the King of Fun Makers. While getting his shoes shined a short time ago in Victoria, during his engagement there, a bell boy came through the hotel office calling out, "Mr. Melrose, you are wanted at the 'phone.'" The colored porter looked up with surprise—"Is you all Mr. Melrose, the Hypnotist?" "Yes."

"Oh Lord," and out the door he went, leaving Melrose with only one shoe shined.

The little son of Mr. and Mrs. J. Reed, who has been seriously ill, is recovering. Mr. Reed has also been on the sick list.

POINTERS FOR THE MOTORIST

When a tube is punctured, the first thing to do is to find out if the puncture is in one wall of the tube only or if both walls are perforated. Next a careful examination should be made to determine that no part of the article which caused the puncture has lodged inside the tube.

"Then select a red para patch" says a recent Michelin instruction book, "considerably larger on all sides than the injury to be repaired and clean the patch carefully on its flat or unbeveled side with emery paper. Now lay the tube on a convenient flat surface, such as the dash or step, and with emery paper clean a space around the puncture slightly larger than the patch to be used. Coat both the cleaned surfaces with cement and after this has dried apply a second coat. In about ten minutes when the surfaces are still 'tacky' press the patch firmly in place taking care that the edges do not curl. If the patch is beveled edged little difficulty will be experienced. Now tap the patch lightly all over its surface with some round, smooth object like the end of a tool handle. If done carefully this will exclude every particle of air and the cemented surfaces will adhere perfectly. Put a smooth flat-surfaced weight on the patch and leave the repair thus as long as practicable."

THEY COME TOGETHER

Backache and Kidney ache are usually inseparable. Some Rhinelander People Are Learning How To Get Rid of Both

Does your back ever ache? Feel lame, weak--so sore you can hardly work? Are you making the common mistake--

Waiting for it to pass away? To cure the backache, you must cure the kidneys.

The pain may cease, but is sure to return.

You may feel tired and worn-out all the time.

Urinary troubles may annoy you, headaches and dizziness.

Make up your mind your kidneys need attention.

Begin taking Doan's Kidney Pills at once.

Doan's have strengthened thousands of sick, weakened kidneys.

Have driven out kidney backaches for good.

No Rhinelander reader can doubt the following statement.

It's from a resident of this locality. S. D. Nelson, grocer, 123 S. Brown St., Rhinelander, Wis., says: "I used Doan's Kidney Pills for backache and have found prompt and lasting relief. I strongly recommend this remedy for kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States.

Remember the name--Doan's--and take no other.
